

UNITED STATES BANKRUPTCY COURT
SOUTHERN DISTRICT OF INDIANA

CHAPTER 13 BLOCK SCHEDULING

Effective June 3, 2013, Block Scheduling will be implemented in the Evansville and Terre Haute divisions for chapter 13 cases. Block Scheduling allows a filing party to select a hearing date and queue up a notice for distribution. The hearing notice is issued after the court has reviewed the related pleading. A link to the Block Scheduling event is displayed after docketing any item on the list below.

Block Scheduling will be used most often by chapter 13 trustees, but debtors' and creditors' attorneys will also schedule hearings on certain issues. Block Scheduling will continue to be fully utilized in the Indianapolis division (i.e., all pleadings listed below go through Block Scheduling) and in a limited capacity in the New Albany division (i.e., chapter 13 trustee's motions to dismiss only).
