## REQUEST FOR QUOTATION

### Data Cabling Installation Project

**U.S. BANKRUPTCY COURT  
SOUTHERN DISTRICT OF INDIANA**

### STATEMENT OF WORK

#### **1.0 Introduction.**

The U.S. Bankruptcy Court for the Southern District of Indiana requires the installation of 34 new CAT 6A twisted pair data cabling lines and removal of old data lines, and installation of 14 gauge speaker wiring to support 6 speakers in 3 separate zones at the **Lee H. Hamilton Federal Building and U.S. Courthouse, 121 West Spring Street, New Albany, IN**. Each line will run from the A/V rack located in room 117 to the requested location in the courtroom. The contractor shall provide all the equipment, supplies, and labor to support the installation of a Cat 6A twisted pair environment.

#### **2.0 Objectives.**

The project will result in 34 Cat 6A twisted pair data cables being run in the New Albany Bankruptcy Courtroom room 121. The contractor shall label all network jacks and patch panel ports with corresponding location data. The contractor shall replace all existing network jacks that are not receiving new cabling with blank plates. The contractor shall return to the courthouse and remove the old video cables at the below locations once all users have transitioned to the new data cable connection.

14 gauge Speaker wire will run from the courtroom ceiling to the A/V rack located in room 117. The speaker wire is for a future project. The existing speaker connections and cabling should not be removed.

**3.0 Scope of Work and Specific Tasks.**

- 3.1** The contractor shall provide all cables, connectors, and incidental materials required for installation such as patch panels, hangers, ties, and fasteners for a total of 34 network connections and the 6 speaker locations.
- 3.2** The contractor shall run the following Cat6A cables from the listed location in the courtroom to the technology rack. The contractor is responsible for calculating the distance.

**3.2.1** Judge's Bench: three (3) located on the wall under the bench

**3.2.2** Two Camera Locations with two (2) lines per location for a total of four (4) lines. Each location will require a single gang wall plate at 8'

**3.2.3** CRD Bench: six (6) located on the wall under the bench

**3.2.4** Witness Bench: three (3) located on the wall under the bench

**3.2.5** Law Clerk: two (2) located on the wall under the bench

**3.2.6** Attorney table: four (4) located in the recessed floor box

**3.2.7** Attorney table 2: four (4) located in the recessed floor box

**3.2.8** Trustee Table: four (4) located in the recessed floor box

**3.2.9** Gallery: two (2) location TBD

**3.2.10** Judicial Assistant: two (2) on wall under the bench

- 3.3** The contractor shall run the following 14 gauge speaker cabling from the listed location in the courtroom to the A/V rack. The contractor is responsible for calculating the distance.

**3.3.1** Zone 1: speakers closest to the Judge's bench can use the same cable run

**3.3.2** Zone 2: speakers over the attorney tables can use the same cable run

**3.3.3** Zone 3: speakers over the gallery can use the same cable run

---

- 3.4 The contractor shall install a network/ethernet wall jack with the proper face plate in each location.
- 3.5 All cable must be Category 6A plenum rated twisted pair cable.
- 3.6 All connections must be fully tested, verified, and labeled.
- 3.7 All equipment must be commercial grade.
- 3.8 Installation, equipment, connectivity testing and technology must include service agreement with warranty for one year from acceptance date.
- 3.9 All on-site installation work must be coordinated through Court personnel. Work is to be performed during normal business hours. The contractor may request afterhours access for work to be performed, subject to approval of the Court. If approved, the contractor shall charge no additional fees for after-hours work and shall work under the supervision of Court staff.
- 3.10 Protection of the historic significance of this courthouse and its courtrooms, as well as the older architecture of the facility, must be observed.
- 3.11 All installation, configuration and testing shall be done on-site at the **Lee H. Hamilton Federal Building and U.S. Courthouse, 121 West Spring Street, New Albany, IN.** The contractor is responsible for all costs and arrangements for travel related to this project.
- 3.12 The contractor is responsible for removing all waste products associated with the project, such as wire scraps, packaging materials, surplus cable, etc.
- 3.13 The contractor's work shall not create excessive noise or other disturbance that may interfere with normal Court operations in any other office areas.
- 3.14 All work performed by the contractor must meet requirements for all applicable national and local building codes, including established GSA standards for the Lee H. Hamilton Federal Building and U.S. Courthouse.
- 3.15 The contractor shall remove all old network wiring from the floors located in the courtroom after the Court has been cutover to the new wiring.

#### **4.0 Deliverables**

- 4.1 The contractor shall provide an electronic report, sent to the contracting officer and technical representative documenting each installation and operability confirmation.

---

**4.2** Installation and all other work performed by the contractor, as well as any equipment and materials provided by the contractor, shall be under warranty by the contractor for the period of one (1) year, effective upon the date of completion and acceptance of the work.

**4.3 Schedule for Performance and Delivery/Milestone Schedules**
