

UNITED STATES BANKRUPTCY COURT  
SOUTHERN DISTRICT OF INDIANA

**TRANSITION TO NEW VIDEOCONFERENCE TOOL  
FOR COURT HEARINGS  
[updated from 2/11/21 notice]**

All the Bankruptcy Judges are or soon will be using Zoom for Government ® for videoconference hearings. Hearing participants will find that this tool uses the Zoom® app or program and those who already have that tool available will not need to download a new app or program.

Training materials and additional information have been posted in each Judge's section of the Court's website. To review those materials, go to the Judges' Info tab, select a specific Judge, and scroll to the Communication section at the bottom of that Judge's page.

If the new videoconferencing tool will be used for your hearing, that will be clear in the hearing notice. Many hearings will continue to be conducted by teleconference.
