

UNITED STATES BANKRUPTCY COURT
SOUTHERN DISTRICT OF INDIANA

**TRANSITION TO NEW VIDEOCONFERENCE TOOL
FOR COURT HEARINGS**

Beginning the week of February 22, 2021, Chief Judge Robyn Moberly will be using a new tool for videoconferencing, Zoom for Government®. Hearing participants will find that this new tool uses the Zoom® app or program and those who already have that tool available will not need to download a new app or program.

Training materials and additional information have been posted in Judge Moberly's section of the Court's website – click [here](#) to access. The other judges may transition to using Zoom for Government® in the months ahead. If that occurs, these materials will be moved to a more prominent place on the Court's website.

If the new videoconferencing tool will be used for your hearing and you have previously received a hearing notice, watch for an updated hearing notice providing more details.

February 11, 2021
