

UNITED STATES BANKRUPTCY COURT  
SOUTHERN DISTRICT OF INDIANA

**NEW ELECTRONIC DEVICES SECURITY POLICY AT COURTHOUSES**

The District Court has issued a General Order governing Courthouse security. That order sets a new policy, effective August 2<sup>nd</sup>, concerning the security of electronic devices (cell phones, laptops, etc.) brought to the Courthouse. Specifically, most visitors will be required to power off and secure electronic devices before entering the federal courthouses in Indianapolis, Evansville, New Albany, and Terre Haute.

The General Order can be reviewed [here](#).

The General Order lists several exemptions from the policy, including one for attorneys. For clarification, the exemption given to attorneys if they can establish “valid evidence of admission to the bar” can be satisfied by presentation of a photo ID and a state bar admission card.
